Sample Question Paper For CET Class V

Time: 01 Hour   **Max. Marks: 100**

Subject: English

A. Read the following passage carefully and answer the questions that follow:

Once upon a time, in a small village, there lived a clever fox named Felix. Felix was known for his quick thinking and clever tricks. One day, he saw a group of chickens pecking on the ground. The chickens were not aware of Felix's presence, as he hid behind a bush, planning his next move.

Felix wanted to have a delicious chicken dinner. He thought of a clever trick to catch one of the chickens. He decided to pretend to be a farmer. Felix put on a straw hat and carried a basket, hoping to fool the chickens. He approached them slowly and said, "Good morning, my lovely chickens! Come and see the tasty grain I have in my basket!"

The chickens, curious and trusting, waddled over to Felix. Just as he was about to grab one, an old rooster named Rocky noticed Felix's sly smile. Rocky quickly warned the other chickens, "Run away! It's a trick!" The chickens hurried back to safety, and Felix, realizing he had been discovered, ran away, feeling embarrassed.

From that day on, Felix learned that clever tricks might work sometimes, but honesty and trust were far more important.
