

Ruchi Pradhan Datta,
Headmaster,
The Lawrence School, Sanawar.

No. HM/2026

5th June, 2026

Dear Parents,

Warm greetings from Sanawar!

I trust that this finds you and your family in the best of health and good cheer.

As I write this note, our dear students are back home, wrapped in the warmth of your love - healthy, happy and looking back in satisfaction at an invigorating Term gone by.

I do hope that all of you now have the most relaxing and joyful vacation with your children!

As this juncture, I would like to reflect on the Spring Term, which was chock-a-block with academic pursuits, sporting events and co-curricular activities. From hosting to participating in inter-school competitions, bagging laurels in diverse fields and conducting a number of inter-house events, our children did it all. However, not one to rest on their laurels, I would add that all the Sanawarians have 'miles to go before they look back'. I am sure that our children will return rejuvenated and recharged to break new ground. We will stand by them and support them in all their endeavors.

Also, though I agree that holidays are synonymous with fun and frolic, I urge you to help our young learners to remain connected with all that they have learnt in their classrooms over the past Term as the next Term, being Founder's will pass in a whirlwind. They should touch base with their studies, at their own pace, but touch base, they must!

At Sanawar, we encourage all our students to run, play and pursue hobbies – so do not let them loose track of that. Let not devices, take over their day!

Also dear parents, as this is a time for communication and bonding, if you do chance upon any feedback that you feel is integral for the growth of the Institution, do feel free to email it to us, or if you so desire, seek an appointment with the school authority that you wish to meet and we will try and address and alleviate your concerns.

**CELEBRATING EXCELLENCE SINCE 1847
MARCHING TOWARDS OUR BICENTENARY!**

An important note related to academics – the three language formula is slowly but surely setting in for grades VI (UIII) and above, so for any clarification, do approach the DoF or the DHM and you will receive the correct guidance.

As for grades IX and X (LV & UV), under CBSE guidelines, it is now mandatory to pass the examination independently in the theory component and the practical (internal) component, in addition to passing overall in a subject. High internal scores can no longer offset a failing grade in the written exam. Therefore students need to focus equally on both and not rest pretty on any one.

Additionally, this is to request you to adhere to the school opening dates, after all vacations and outings so as to ensure that the child does not miss out on the teaching learning process.

Before I sign off, given below are a few important dates for the Founder's Term 2026:

1. Return of students for Founder's Term	19 th July
2. Parent Teacher Meeting	3 rd September
3. Founder's Celebrations	3 rd October to 5 th October
4. Home Day	10 th December

Finally, this is to request our parents to encourage the children to avail the multifarious opportunities for performing well and to the best of their abilities in the School in the Founder's Term, 2026.

I close with a grateful heart and wish you all, well!

God bless! Never Give In!

Kind regards,

Ruchi P. Datta
