

THE LAWRENCE SCHOOL, SANAWAR

'Celebrating Excellence Since 1847'

National Space Day -2026

Celebrating India's Space Odyssey: Reaching Beyond Horizons, Inspiring Young Minds to Innovate, Collaborate and Aspire for Global Space Leadership.

National Space Day was celebrated at The Lawrence School, Sanawar with great enthusiasm through a vibrant student-led assembly, celebrating India's remarkable achievements and growing stature in space exploration. The programme commenced with Tanishka Yadav, followed by Tarini Kohli, who set an engaging and inspiring tone for the proceedings.

A captivating presentation on National Space Day took the audience through India's extraordinary space journey, highlighting the landmark Chandrayaan missions and the nation's advances in space science, technology and exploration. It beautifully captured the spirit of innovation, perseverance and scientific excellence that defines India's space odyssey.

The celebration culminated in a dynamic and intellectually stimulating quiz conducted by Atharav Roy, which added excitement and encouraged enthusiastic participation from the students.

The programme resonated strongly with the vision of Viksit Bharat: Innovating, Collaborating and Aspiring for Global Space Leadership, inspiring young minds to dream beyond boundaries, embrace innovation and reach for the stars.
