I am happy to share that our students are healthy, happy and most diligently engaged in preparing for their final examinations.

I am writing to thank you very much for your great support and commitment to the School and for your role in making this Year a grand success. It has been a year in which the School, as well as every student and staff member has made tangible progress and grown from strength to strength, a wonderful fact that has most positively impacted our Community of Learners! And, on the eve of the winter break I am honored to take this opportunity on behalf of our Board of Governors and the Team at Sanawar to say a heartfelt **Thank You to our fabulous stakeholders!**

This *Founder's Term* marks the culmination of a year of blessings in which the Community of Learners was united by a focus on the learner. It was the collective hard work, diligence and dedication that enabled the institution to progress manifold. Indeed, it was a Term where many accolades were received by members of our Community of Learners. This certainly calls for a most well deserved celebration. A glorious year in which we are honored to felicitate and acknowledge the myriad distinctions, accolades and many prestigious awards that have been conferred on the members of our Community of Learners this Term. These high honors and awards are not a mere happenchance; but, a well-deserved reward that has been made possible by the collaborative striving for excellence and the united efforts of our Community of Learners. This has been achieved because we are blessed to enjoy the strong support of our parents, the students' diligence, good sense as well as leadership, the excellent governance of our Board of Governors, the sincerity, hard work and deep dedication of the staff and the great support of the O.S. Society and our well-wishers. This excellent collaboration has resulted in an appreciable improvement in the institution that is evident for all to see.
